KIND WORDS

"Arriving at Hot Locs salon in the early hours of the day, my bridesmaid and I were made to feel relaxed as the excitement grew. The hair and makeup were stunning, transforming us to such an extent that my one year old son didn't recognise me when we arrived home!"

"Let me start by saying that Hot Locs is one of my favourite places on earth. I love the beautiful restored old building, I love the relaxing and luxurious atmosphere but most of all I love the staff. Every time I go there everyone is so welcoming and over accommodating that it feels like I'm visiting my family.

So when planning my wedding day I was so excited to spend my day with my friends and family at Hot Locs. I invited all of my girlfriends and aunties to have their hair and makeup done with me so we could all have an amazing day together. A lot of them took up the invitation and some of them just came to say hello and hang out, which was fantastic.

The staff at Hot Locs not only did an amazing job of everyone's appearance but they also made sure their was champagne flowing and nibblys circling! So what more could you ask for?

Another reason that I wanted to spend my wedding day at Hot Locs was for the amazing photo opportunities. My photographer was overjoyed by the amazing mirrors, hallways, doorways and outdoor gardens to use as backdrops for our pre wedding photo-shoot. So there was no reason to have to leave and get dressed anywhere else.

I truly had an amazing wedding day at Hot Locs and I couldn't have dreamed of it having been any better. So I now have these amazing photos and even better memory's that I can keep forever. Thank you so much Demelza and all of the beautiful Hot Locs girls for an awesome day!"

"A big thanks to everyone at Hot Locs for all your help on my wedding day. Everyone commented on how welcoming all the girls were and what fabulous 'do's' they had for the day It was just like a before party with girlfriends."
